license key.

Step 3. Upload License Apply File (xxx.info) Click "Browse" to select the extracted file and then click "Submit".

Step 4. Download License Activation File (xxxx.lis) Click "Download License Activation File" to download the file. This file will be used later on.

The file name is generated by the system. Its naming rule is "S/N+License Key+Channel Number.lis". For SCC / VMS, there will be no series number, its naming rule will be "License Key+Channel Number.lis".

Note:

2. When you need to reinstall the software or reactivate the license, you only need to import the License Activation File (xxxx.lis or xxxx.scclis) to the same NVR or VMS/SCC PC. Reinstallation or reactivation is only limited to the same NVR/PC and is NOT available for a different NVR/PC.

3. If you lose your License Activation File (xxxx.lis or xxxx.scclis), you can use the original License Apply File (xxxx.info or xxxx.sccinfo) and the Add-on Channel License Key (Registration Code) to re-download the License from the Website: http://www.surveon.com/license/license.aspx

Go to http://www.surveon.com/license/license.aspx to see the Add-On License page and follow the steps on this page.
